Summerhill Avenue: On-Street Parking Restrictions due to Rosehill Reservoir Rehabilitation

Contract #: 17ECS-MI-03WA
Start Date: October 29, 2018
End Date: December 21, 2018
Weekdays from 7 a.m. to 5 p.m.

**Timeline is weather dependent and subject to change.*

As part of the work to rehabilitate Rosehill Reservoir, frequent special deliveries of large equipment and supplies are required to carry out work at the Valve House Parking Lot. These deliveries are scheduled to take place **during weekdays between 7 a.m. and 5 p.m.** starting Monday, October 29 to Friday December 21, 2018.

Approximately 40 metres of Summerhill Avenue directly across from Little Park/Summerhill entrance will be restricted to ensure sufficient space for these vehicles to safely turn into and out of Little Park to access the Valve House Parking Lot (see map). Staff are requesting the cooperation of vehicle owners parked in this space to move their cars to another location in the area by 7 a.m. Vehicles can be returned to these spots after 5 p.m., and continue with normal parking routine as part of the Overnight On-Street Permit Parking Program.

If vehicles are not moved by 7 a.m., the contractor will knock on the doors of nearby surrounding homes to request the vehicle be moved. If they cannot find the vehicle owner, the contractor will request enforcement staff (Toronto Police) to relocate the vehicle to the closest on-street parking location (which may be outside the permit area). **Please call Parking Enforcement if your vehicle has been relocated 416-808-2222.**

Deliveries to the Valve House will be frequent, however there may be intermittent gaps while the concrete is curing. We apologize for this inconvenience and appreciate your patience and cooperation during the rehabilitation work.

MAP OF ON-STREET PARKING RESTRICTIONS

WHAT TO EXPECT BEFORE ON-STREET PARKING RESTRICTION

- If vehicles are parked on-street in front of 91 to 101 Summerhill Avenue (see map) after 7 a.m., the City's Contractor will knock on nearby doors to find the vehicle owner. If they cannot find the vehicle owner, the contractor will request enforcement staff (Toronto Police) to relocate the vehicle to the nearest, available on-street parking spot.

| | |
|---|--|
|  | <p>Work Hours: Most of the work on this project will take place during the day-time: Monday to Friday: 7:00 a.m. to 5:00 p.m.</p> |
|  | <p>Barrels: The contractor will endeavour to place barrels near this curb to indicate a delivery the following day. Barrels will be removed by 5 p.m.</p> |
|  | <p>Detour Information: Motorists are reminded to abide by signs posted in local areas to ensure the safe travel of all local road users, pedestrians and cyclists.</p> <p>To detour around the Summerhill Avenue and Summerhill Gardens intersection, through traffic can use adjacent local streets: Ottawa Street and Shaftesbury Avenue.</p> |
|  | <p>On-Street Parking: Parking in this work zone is not permitted. If your parked vehicle obstructs delivery vehicles, Parking Enforcement will relocate the vehicle to the nearest available on-street parking spot. Please contact parking control for the location of your vehicle at 416-808-2222.</p> |
|  | <p>Road and Sidewalk Access: Sidewalks along Summerhill Ave will remain accessible and pedestrians will be safely detoured around the work area. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will not block access to private driveways.</p> <p>Accommodation: Residents who require accommodation must contact the project manager to arrange for access during construction through the contacts below.</p> |
